Education

2021-08 -

Current

Computer Science

Southern New Hampshire University - Hooksett, NH

- Dean's List Winter 2022
- Honor Roll Spring 2022
- 3.8 GPA

Side Projects

Weather App: Built a fully functioning and responsive weather application that displays the current weather to the user based on their input.

ChatAway: Built a fully functioning and responsive chat application that uses google firebase to authenticate users. Users can then communicate with one another from anywhere.

All projects are on my GitHub

Soft Skills

- Communication
- Teamwork
- Flexibility
- Problem Solving
- Self-management
